- Allied association credits are awarded on the basis of one credit per hour of instruction up to a maximum of 10 (ten) credits per week. These credits do not count toward the national education credit requirement for the CMAC/CMI education requirements for certification or re-certification. They do count toward the total credit requirements for certification and re-certification.
- A copy of a certificate of completion showing the date(s) of an allied association education program submitted with this form will serve in lieu of the presenter's/instructor's certification. Attendance at educational sessions at allied association annual conferences can be documented by submission of the conference program (marked to show sessions attended) and a copy of the conference badge together with this form. Refer to the Certification Program Guidelines for a listing of allied associations and organizations.
- The Certification Committee reserves the right to deny credits for any program that does not meet Certification/CMI standards. You will be notified if the petition is denied and no credits will be awarded.
