Sponsorship is a great way to demonstrate your commitment to the professional development of the club management industry. All sponsors, at various levels, receive increasing degrees of exposure via in-person and online promotions.

Sponsorship allows you to build visibility for your brand, connect you with key decision makers, and provide you with a well-respected forum to share your organization's expertise.

Based on the level of sponsorship investment, you will qualify as a sponsor under the tiers provided on the following pages. Your organization will be recognized for your sponsorship and identified in marketing materials and online as noted under the sponsorship benefits.
