# Who We Are

## THE CLUB MANAGEMENT ASSOCIATION OF CANADA

CMAC is the national professional association for individuals involved in the club management profession in Canada. Since 1957, we have been supporting our members with education, networking and member events to facilitate our members being the best in the industry.

# What We Do

We organize seminars, workshops, summits and professional development opportunities; sustain two annual conferences; and promote information sharing and collaboration for our members through events, special interest groups and communications such as our member email list, social media and our magazine, Club Manager Quarterly. We also represent our members' interests as required by contacting government representatives and voicing our opinions about laws and regulations that will affect members and their clubs.

Part of CMAC's professional development is the **certification program** that leads to the Certified Club Manager (CCM) designation, a globally-recognized standard for club management professionals in Canada.

The Annual National Conference is three to four days long and offers quality education, the chance to network and the opportunity for profiling suppliers.

## The Annual National Food and Beverage Management Conference

is attended by clubhouse managers, assistant general managers, food and beverage managers, chefs, sous-chefs, mid-level managers and some general managers. In addition to networking opportunities, the three-day conference offers sessions on food and beverage operations and sessions on all aspects of a club's operations for up and comers.

## Club Manager Quarterly (CMQ)

is distributed to CMAC members, club board members, industry partners and interested media outlets. It highlights current issues, industry trends and the work and accomplishments of members. It also offers visibility to CMAC members, their boards and others through the advertising program.

thecmac.ca offers information about club management and the association as well as resources, programs and services for members such as the position postings service and the online member directory.

The **position postings** service provides a listing of senior club management opportunities, accessible to members only. The **online directory**, listing member contact information, supports the networking activity that characterizes the association..

Our **11 branches** across the country also provide networking, educational and professional development opportunities.

## Conferences

By partnering with CMAC, you are in an ideal position to generate leads with key decision makers in the Canadian club industry.

Given their senior roles in around 300 clubs across Canada, CMAC members are responsible for all aspects of club functions including product/service selection, purchase authorization, quality control, budgeting and ensuring that their members benefit from professionalism and excellence in service. Our goal is to create mutually beneficial, long-term partnerships with our corporate partners to collaborate and support the Canadian club management profession, together.

CMAC's corporate partnership program offers greater value by packaging existing marketing opportunities, including recognition at conferences, advertising in Club Manager Quarterly and visibility on the CMAC website and in the online directory.
